

Stay safe with Clrview. **Remember to check in!**

How to:

1. Open the Clrview App
2. Make sure the correct company is selected
3. Check in

Trouble shooting:

1. If the site is not appearing you may not have been added to it by the company admin
2. If the check in is taking too long, you may be in a low connectivity area. Contact your site manager.
